CALL TO ORDER

Ms. Marsilii called the meeting to order at 10:59 a.m.

REVIEW OF MINUTES

The meeting minutes were tabled until the June 26, 2017 meeting.

NEW BUSINESS

The subcommittee reviewed the list of items currently under review, and decided which items will be allowed within the scope of practice of some license types, and whether specialized certifications would be required or not.

There was discussion on whether IPL (laser hair removal) can be performed by an aesthetician, or cosmetologist, and they also had to consider that it is currently prohibited by Public Health. Ms. Kelly stated that if they wanted to work on allowing that within their scope of practice, they would need to come up with some sort of proposal and then contact Public Health because it is their regulation, and collaborate with them on the subject, along with any other services, such as microneedling, that Public Health prohibits

Ms. Kelly stated that a specific curriculum, with a set number of hours of training would be required for any of the services that require extra training instead of brand certified training. She advised that the brand certified training would still be acceptable if it meets the curriculum requirements for the specialty service.

Ms. Kelly stated she will speak to her supervisor about what can and cannot be done by a licensee under the supervision of physician.

It was also discussed that a cosmetologist be limited in the types of aesthetician services that they can provide, unless they received the advanced training that an aesthetician receives.

Ms. Marsilli asked how the licensees would even be notified of the new scope of practice regulations once they do go into effect, since most licensees do not know that they are performing services that are not allowed now. Ms. Kelly stated that notification letter could be sent out to all the licensed shops and licensees to make them aware.

Ms. Alexander made a statement that the new specialty services training that will be required, should only be accepted if they are taken through an accredited training program. She also stated that she will attempt to find out how many hours of training is required for the specific services.

The committee also stated that they will need to discuss grandfathering in licensees if they can prove that they have already been performing the service competently for a set timeframe, and has completed so many treatments of that kind, that will need to be determined by the Board.

PUBLIC COMMENT

NEXT SCHEDULED MEETING

The next Board meeting will be held on May 22, 2017 at 9:30 a.m. in conference room A.

ADJOURNMENT

With no further business before the Board, a motion was made by Ms. Marsilii, seconded by Ms. Le, to adjourn the meeting. The motion carried unanimously. The meeting adjourned and went off record at 11:20 a.m.

Respectfully submitted
